This series of products integrates battery PACK, BMS system, high-voltage box, power distribution unit, temperature control system, and fire protection system. It is designed in a cabinet style, which is convenient for transportation. Site Support Cabinets (CUBE SS Series) are durable pad mount enclosures designed to provide robust protection of power equipment and battery technologies deployed in outdoor environments. One of the biggest challenges wireless service providers face is to provide reliable power in an efficient and This series of products integrates battery PACK, BMS system, high-voltage box, power distribution unit, temperature control system, and fire protection system. It is designed in a cabinet style, which is convenient for transportation. Note: Specifications are subject to change without prior notice CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them. Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels. CellBlockEX provides both insulation and DENIOS' cutting-edge battery charger cabinets, integrated within our Lithium-Ion Energy Storage Cabinet lineup, guarantee secure and fire-resistant containment during battery charging processes. Constructed from powder-coated sheet steel, they incorporate a tested, liquid-tight spill sump to manage Highjoule's Site Battery Storage Cabinet ensures uninterrupted power for base stations with high-efficiency, compact, and scalable energy storage. Ideal for telecom, off-grid, and emergency backup solutions.
