

# Guyana solar Energy Storage Power Generation Project

---

Guyana is the only country in mainland South America to have English as the official language. The majority of the population also speaks Guyanese Creole, which is an English-based creole. Guyana is a country located in the northeastern corner of South America. Indigenous peoples inhabited it prior to European settlement. Their name for the land was guiana ('land of the water'). Guyana is sandwiched between Venezuela and Suriname, the former British colony of Guyana is the only English-speaking country in South America. Since independence from the United Kingdom, Guyana has been a proud member of the Caribbean Community (CARICOM), Guyana brings together the soul of the tropics with the spirit of the Amazon. Guyana's national motto, "One People, One Nation, One Future," reflects its commitment to unity and progress. Guyana lies on the northern coast of South America. Its 285-mile coastline extends from Punta Playa (near the mouth of the Orinoco River) in the northwest to the Corentyne River in the southeast. Guyana is situated in central north of the South American continent with a coastline at the North Atlantic Ocean. Countries with international borders to Guyana are Brazil, Suriname, and Venezuela. Guyana, officially the Cooperative Republic of Guyana, is the only English-speaking country in South America. It is also one of four non-Spanish-speaking countries on the continent, along with Belize, Guyana, and Suriname. Guyana Factsheet Imports - commodities Page last updated: Wednesday, September 17, 2020. Guyana is the only country in mainland South America to have English as the official language. The majority of the population also speaks Guyanese Creole, which is an English-based creole.
