

Huawei Communication Base Station Circuit Board

Huawei Base Station PCB Circuit Design Overview Introduction When people think of Huawei, they often think of mobile phones, but the company is also a traditional equipment manufacturer. Its main products are communication systems, Huawei RRU3908 base station teardown and circuit analysis The Huawei RRU3908 is an outdoor Radio Base Station with one to four carriers and one to six sectors at 20/40 Watt RF output power per carrier. Part 1 is the teardown itself with Huawei RRU3908 base station PCB AssemblyName: Huawei RRU3908 base station PCB Assembly. Number of SMT lines: 7 high-speed SMT patch supporting production lines. SMT daily production capacity: more than 30 million points. Testing Equipment: X-RAY Tester, High frequency communication dedicated PCB boardWith years of industry experience, Mingzhenghong Electronics Co., Ltd. specializes in providing high-frequency communication-specific PCB boards for Huawei and ZTE 5G base stations, Huawei and Nokia Siemens base station teardowns The Huawei RRU3908 is an outdoor Radio Base Station with one to four carriers and one to six sectors at 20/40 Watt RF output power per carrier. Teardown of a Nokia Huawei RRU3908 1800MHz Base Station Circuit The Huawei RRU3908 is an outdoor Radio Base Station with one to four carriers and one to six sectors at 20/40 Watt RF output power per carrier. Huawei 03051117 Base Station Controller BSC6900 SCUa The BSC6900 software connects to the core networks and manages the base stations in the GSM and UMTS networks. The BSC6900 software performs functions such as radio resource Huawei RRU3928 1800MHz radio base station teardown (part 1 With the Software Defined Radio (SDR)technology, the RRU3928 supports the dual-mode operation of any two modes of GSM, UMTS, and LTE through software Huawei RRU3908 base station circuit analysis The Huawei RRU3908 is an outdoor Radio Base Station with one to four carriers and one to six sectors at 20/40 Watt RF output power per carrier. Other teardowns of radio equipment can be found here.Huawei Base Station PCB Circuit Design Overview Introduction When people think of Huawei, they often think of mobile phones, but the company is also a traditional equipment manufacturer.
