

Ireland inverter factory direct wholesale price

How much does a power inverter cost in Ireland? Ireland's Largest Supplier of Power Inverters. Prices from EUR49.95 -- Mallow Tools We supply a range of power inverters to suit all needs. Starting from the 300w, our range includes the 700w, 1000w and 2000w inverters. The 300w, 700w and 1000w have 1 13 amp socket and the 2000w power inverter has 2 sockets. Where can I use a power inverter? Use in power generation systems such as electric utility companies or solar generating systems to convert DC power to AC power. Use within any larger electronic system where an engineering need exists for deriving an AC source from a DC source. All our Power Inverters are manufactured by Silverline and carry a 12 months warranty. Which inverter is best for a solar PV system? At National Electrical Wholesalers, we're proud to supply the LIVOLTEK hybrid inverter, a reliable and efficient choice for new solar PV systems. Ideal for homes and small commercial setups, this compact and intelligent bi-directional inverter is designed to support self-consumption with battery storage.
