

## Israel Power Energy Storage Cabinet Tender

How much does a battery storage project cost in Israel?The Israeli Electricity Authority (IEA) has awarded contracts for 1.5 GW of high-voltage battery storage capacity across 11 projects to be developed in three regions of Israel. The tender, which attracted 11 bidders proposing 29 projects for a total capacity of 4 GW, set capacity tariffs ranging from US\$49.41/kWh to US\$74.20/kWh.

How much storage capacity will allied infrastructure have in Israel?These projects will have a total storage capacity of 1,300 MWh, potentially increasing to 1,900 MWh after entering the deregulated market. Ormat Technologies, in partnership with Allied Infrastructure, also announced it won tolling agreements for 300 MW/1,200 MWh of storage, marking its entry into Israel's large-scale energy storage sector.

How much does a 4 GW power plant cost in Israel?The tender, which attracted 11 bidders proposing 29 projects for a total capacity of 4 GW, set capacity tariffs ranging from US\$49.41/kWh to US\$74.20/kWh. In Israel's Western Negev region, Noy Storage, Enlight and EDF will build 4 facilities with a cumulative capacity of 560 MW.

How many MW of electricity will be built in Israel?Northern Israel: Bi-Liht, Noy Agira, Allied, and Ormat will develop four facilities totaling 520 MW at an average tariff of 2.0 agorot per kW. Arava: Enlight and EDF will establish three projects with a combined capacity of 420 MW at a 3.0 agorot/kW tariff.

Israel awards 1.5 GW energy storage in tender, pricing from Israel has awarded contracts for 1.5 GW of high-voltage battery storage capacity across three regions, marking a significant milestone in the country's energy transition. Israel, energy storage, battery storage, renewable Israel has awarded 1.5 GW of energy storage contracts across 11 projects, with a total investment of \$840M. The projects, set to be operational by , will enhance renewable energy integration.

Enlight's Two Sites Win Israel's 300 MW Energy Storage TenderThe two sites selected in the tender represent 20% of the total capacity awarded through the bidding process, further solidifying Enlight's leadership of Israel's energy storage

Israel awards 1.5 GW energy storage in tender, pricing from The auction, managed by the Israeli Electricity Authority (IEA), will facilitate the deployment of large-scale energy storage systems designed to integrate more renewable

Israel awards 1.5 GW of energy storage across 11 projects in The Israeli Electricity Authority (IEA) has awarded contracts for 1.5 GW of high-voltage battery storage capacity across 11 projects to be developed in three regions of Israel. Enlight Energy Secures Key Bids in Israels Energy In a significant advancement for the energy sector, Enlight Renewable Energy has successfully secured two contracts for energy storage systems as part of the Israel Electricity Authority's recent tender.

Two Enlight Facilities Win Bids in the Israel ElectricityAccording to the tender's terms, after supplying power at the availability tariff rate for five years, the Company may transition to selling electricity into the deregulated market as

Israel Awards 1.5 GW Energy Storage Contracts Across 11 ProjectsThe Israeli Electricity Authority (IEA) has awarded contracts for 1.5 GW of high-voltage battery storage across 11 projects in a recent tender. The awarded facilities will be Israel awards 1.5 GW energy storage in tender, pricing from Israel has awarded contracts for 1.5 GW of high-voltage battery storage capacity across three regions, marking a significant milestone in the country's energy transition.
