

Kitwe solar Panel Project in Zambia

Copperbelt Energy Corporation (CEC) has commissioned the 60MW Itimpi Solar Photovoltaic Power Station in Kitwe, Zambia, enhancing the nation's renewable energy capacity and supporting sustainable development. Copperbelt Energy Corporation (CEC) has taken a significant stride towards sustainable operations with the successful commissioning of the 60-megawatt Itimpi Solar Photovoltaic Power Station in Garneton, Kitwe, held on Wednesday, 10th April. The Plant was unveiled by the President of the President Hakainde Hichilema inaugurated the 60-megawatt Copperbelt Energy Corporation (CEC) Itimpi Solar Plant in Kitwe. The completion of this project in record time garnered applause, with congratulations extended to the company for their remarkable achievement. The commissioning of the Itimpi Zambia has successful commissioned the newly constructed 60-megawatt Itimpi Solar Photovoltaic Power Station in Garneton, Kitwe. The Plant was unveiled by President Hakainde Hichilema, along with other dignitaries and stakeholders. Developed by Copperbelt Energy Corporation Plc (CEC) a listed The 60-megawatt Itimpi Solar Plant in Kitwe -- built by the Copperbelt Energy Corporation (CEC) -- was formally inaugurated by President Hakainde Hichilema. This job was completed exceptionally quickly, and the company was congratulated for this outstanding accomplishment. The Itimpi Solar Plant's The newly commissioned 60MW Itimpi Solar Plant in Kitwe comes as Zambia faces a severe power shortage, threatening energy and food security.
