

# Price of home inverter in Uzbekistan

The price of home inverters in Uzbekistan varies significantly based on several factors, including the type of inverter (string, micro, or hybrid), the power rating (ranging from 1kW to 10kW), and the brand. String inverters are the most common and generally range from \$100 to \$300 per kW. Microinverters, which allow for panel-level optimization, are more expensive, typically ranging from \$200 to \$400 per kW. Hybrid inverters, which can store energy in batteries, are the most costly, often exceeding \$500 per kW.

According to Volza's Big Data technology scans over 2 billion export shipments on over 20 parameters to Suppliers who are a perfect match and most likely to work with you.
