

Vietnamese energy storage equipment brand

Hanoi, Vietnam - April 15, - Sigenergy, a leading energy innovator, held a high-profile product launch event in Hanoi today, unveiling its flagship commercial and industrial (C& I) energy storage system, SigenStack, and the 2nd generation hybrid inverter to the Vietnamese market. Their modern production facility in Da Nang, Vietnam, allows them to create customized cable trays and accessories that may be integral to energy storage systems. Angelin Energy is dedicated to providing integrated, eco-friendly energy solutions, highlighting its commitment to sustainable energy.

Hanoi, Vietnam - April 15, - Sigenergy, a leading energy innovator, held a high-profile product launch event in Hanoi today, unveiling its flagship commercial and industrial (C& I) energy storage system, SigenStack, and the 2nd generation hybrid inverter to the Vietnamese market for the first time. A green energy subsidiary of Japanese conglomerate Marubeni has brought online a megawatt-scale battery storage demonstration project in Vietnam. Marubeni Green Power Vietnam, a wholly owned subsidiary of Marubeni--one of Japan's largest general trading 'sogo shosha' companies--partnered with Vietnam's total power demand is expected to grow 10% annually during the period 2021-2025, and power shortages are expected to increase in different regions of the country. It has been estimated that there will be a power shortage of nearly 400 million kWh in 2025, and it will reach a peak of 13.3 TWh.

AES is the world leader in lithium-ion-based energy storage, both through our business project and joint venture, Fluence. We pioneered the technology over one decade ago, and today almost half our new projects include a storage component. Energy storage is a "force multiplier" for carbon-free power.
